

TMLG NEWS

TORONTO MEDICAL LIBRARIES GROUP

Vol. *2* no. 1, 1982.

From the President

Dear TMLG Members:

In this, our first issue of TMLG News for 1982, you will find a variety of important messages and points of information. In particular, I would call to your attention the nomination form on the back of this page. It is an important obligation of members to select and nominate the executive for our coming year. So please mail in this form naming your nominee at an early date.

On another page is an announcement of our next meeting and again we request that you send in the form as early as possible so that we can plan the bus and food reservations. We are expecting a good attendance of members for this trip to McMaster. Your response will be an indication of your interest in this type of outing and help in future plans.

Included with this mailing is a list of names to be appended to your 1981-82 TMLG Membership List. The executive welcomes all new members as well as those who renewed from the previous year.

Since the last issue of our News, we have enjoyed a Christmas party and a meeting at the Chiropractic College. Attendance at both these events was very good and we were pleased that so many members were able to come.

One reminder! The response to our Logo contest has been slow. We would like to hear from all the artists out there!

Sincerely,

E. Reid

Elizabeth A. Reid

TORONTO MEDICAL LIBRARIES GROUP

DATE _____

4. Library Tours
5. Bus departs for Toronto 9:00 pm. Returns to Academy of Medicine which is within easy walking distance of both the St. George and Spadina subway stations.

UPDATE/UPDATE/UPDATE

The TMLG Executive is in the process of forming a Task Force to discuss the feasibility of automating the union list. Terms of reference for the Task Force have been established and its first meeting should be held towards the end of February.

Following a discussion led by Jan Greenwood, OMA Library, at the January 18th TMLG meeting, the following motion was passed unanimously:

"To indicate the concern and support of the Toronto health library community for the Academy of Medicine's Library Service the Executive should draft and send a letter to the Academy's Executive Director."

(MSC: Langlands, Murray)

The January TMLG meeting was hosted by the Canadian Memorial Chiropractic College. Dr. Adams, Academic Dean, and Dr. Coulter, faculty member and coauthor of Chiropractors, Do They Help?, gave the Group a welcoming reception and provided details about the College, its curriculum and the chiropractic profession as a whole. Claire Callaghan made available copies of her core list of chiropractic texts. Copies can still be had for the asking.

PERSONALS

Margie Chan (U. of T., 1976) has recently been appointed as the librarian at Doctor's Hospital. She comes to the position from a library in the Sheridan Research Park.

Gwynneth Heaton, Science & Medicine Library, University of Toronto, has been asked by the Canadian Centre for Toxicology to be a member of their Task Force on Information and Communications. The Centre was initiated jointly by the Universities of Guelph and Toronto. Its purposes include: providing a focal point for research in toxicology; developing a graduate programme; providing services to governments, industry and other universities; providing a tangible focus for national concern over the effects of toxic substances on human health and well-being and on the environment generally. The Task Force on Information and Communications will define the roles of the Informations and Communications unit.

DON'T FORGET: Annual General Meeting and Dinner at the Sutton Place Hotel.
Date: May 3, 1982
Speaker: Dr. John Wilkinson, Faculty of Library Science,
University of Toronto
